

SPRING TRAINING 2025

DERRY • NASHUA

totalairsupply.com

Registering and paying for TAS Academy Seminars and Webinars:

NOTE: All TAS Academy HVAC Training seminars can potentially have an **ONLINE** component. **DERRY** or **NASHUA** indicates the Classroom location for the seminar.

When the **ONLINE webinar is FREE**, you still must click on the registration link provided with the class description, enter the requested information and click submit. *The Webinar link will be sent to you automatically.*

When the seminar has an **ONLINE component and a fee to attend, you must complete Steps 1 and 2 below.** *The Webinar link will be sent to attendee **after payment** is confirmed by sales.*

When the seminar does not have an **ONLINE component, You must complete Step 2 below** or send in a completed registration form

Fax sign-up Sheet to 603-425-6117
Email to randal@totalairsupply.com

Step 1: Click on the provided link under the **online** date of the class you want to attend. If you want to take more than one class, you will need to complete this step for each class with an **online** component by clicking on the provided registration link for each class. You will be redirected to the registration page, click on the "Register Now" Box, fill out the form and click submit. **The links to attend the webinar(s) will be sent to you by email AFTER you have completed STEP 2.**

Step 2: **Make Payment** - Call Total Air Supply's sales department at 1-603-889-0100 or 1-800-370-0100 and let them know you need to pay for the upcoming class or classes you want to attend. You can pay with your credit or debit card or your Total Air Supply charge account, if applicable.

Scheduled 2025 Spring Classes

6 Hour NH Gasfitter License Renewal Seminar Modules

2024 & 2025 8 am to 2:30 pm

\$80—This Saturday Class will cover the 2024 & 2025 code update modules required by the State of New Hampshire for your Gasfitter License renewal. Those who want to attend just *one module may attend the 2024 segment from 8-11 am or the 2025 module from 11 am to 2:30 pm depending on your needs. The cost will be \$40 per unit. *A total of Two, 3-hour modules are required to renew your NH Gasfitter License.

Seminars alternate monthly between our *Derry* & *Nashua* locations.

Derry – Sat. May 17, 2025 8 am

Nashua – Sat. June 14, 2025 8 am

Please Join Us For Our **TRV-15 Amana S-Series Installation and Commissioning Seminar** on June 3 & 4, 2025, from 4 pm to 8 pm in Our Derry Classroom **FREE**

Because there is a lot to learn, the training class is 8 hours, but we will do it over 2 evenings so that no one needs to take a day off from work to attend.

The Seminars cover products and technology, installation, and commissioning for the Amana S-Series Side Discharge systems.

Topics covered include nomenclatures, R-32, K4R relay, unit features & benefits, Inverter technology & components, inverter benefits, some troubleshooting, compatibility, set-up, and start-up. Also covered are product information and installation procedures for the Amana S-Series furnaces, indoor coils and air handlers. Some Hands-on lab exercises are included such as using CoolCloud to update equipment and the set-up procedure for the Amana S-Series controller.

In addition to getting a lot of good knowledge about the Amana S-Series HP, AC, & Dual Fuel Systems, we will provide pizza, drinks & snacks and at the end of the second evening we will have drawings for a Daikin Tool Kit, Electrical Meters and more. ***To be eligible to win prizes attendance at both sessions is required.**

If you would like to attend this Training, Click the picture below for instruction on registering.

Nashua: Randal's Four-Evening A/C Boot Camp 12-hour class over 4 evenings \$185

May 5, 6, 12, 13, – 5:30 to 8:30 pm

This four-evening seminar covers key topics related to the refrigeration cycle. Participants will learn about superheat, subcooling, amp draw and temperature splits, as well as evacuation and leak checking.

Additionally, we will explore the role of airflow in the refrigeration process and its importance during charging. The seminar includes information on R-410A and R-32 refrigerants, system components, startup procedures and basic troubleshooting techniques using meters, temperature probes and diagnostic sheets. Instructor: Randal S. Ripley
